FUSION

IMPACT DRILLER :

High-power impact mechanism for effortlessly breaking hard stones and tough obstacles.

COMPACT GRIPPER:

Compact 6-DOF gripper for precise and versatile sample collection in confined spaces.

HD CAMERA:

HD camera with live feed over Wi-Fi and offline image capture for seamless operation.

SONIC RADARS:

Distance radar for real-time obstacle detection and safe autonomous navigation.

EMISSION DETECTOR:

Sensors detect hazardous gases conditions early, ensuring safety and prevention.

SENSING EDGE:

Edge detection for precise boundary recognition and safe navigation.

SMART CONSOLE:

Interactive display for mode selection and essential information.

ENERGY BOOSTER:

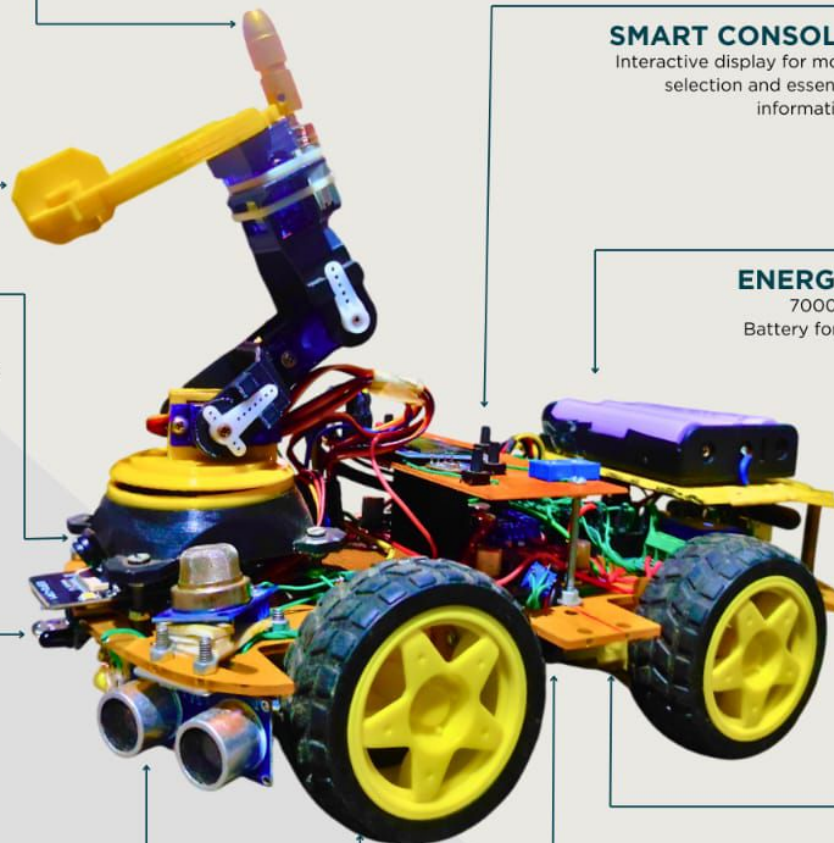

7000mAh High-Capacity Battery for Continuous Power.

AUTO LUMOS:

Intelligent sensors detect motion and ambient light to automate lighting for efficiency and convenience.

INTELLI-CONNECT:

Intelligent Auto-Connect 2.5 GHz Radio for Seamless and Reliable Communication.

FUSION

INTELLI-CONNECT:

Intelligent Auto-Connect 2.5 GHz Radio for Seamless and Reliable Communication.

SMART CONSOLE:

Interactive display providing real-time sensor updates, instant alerts, and seamless data monitoring.

ADVANCED NAVIGATORS:

Advanced navigator switch enables 8 unique movement modes for precision control.

GLIDESTICK :

Ergonomic joystick control for precise navigation, smooth operation, and enhanced maneuverability across various functions.

CONTROLS:

Advanced interactive display offering real-time sensor updates, instant alerts, and comprehensive data monitoring for enhanced situational awareness and control.

ENERGY BOOSTER:

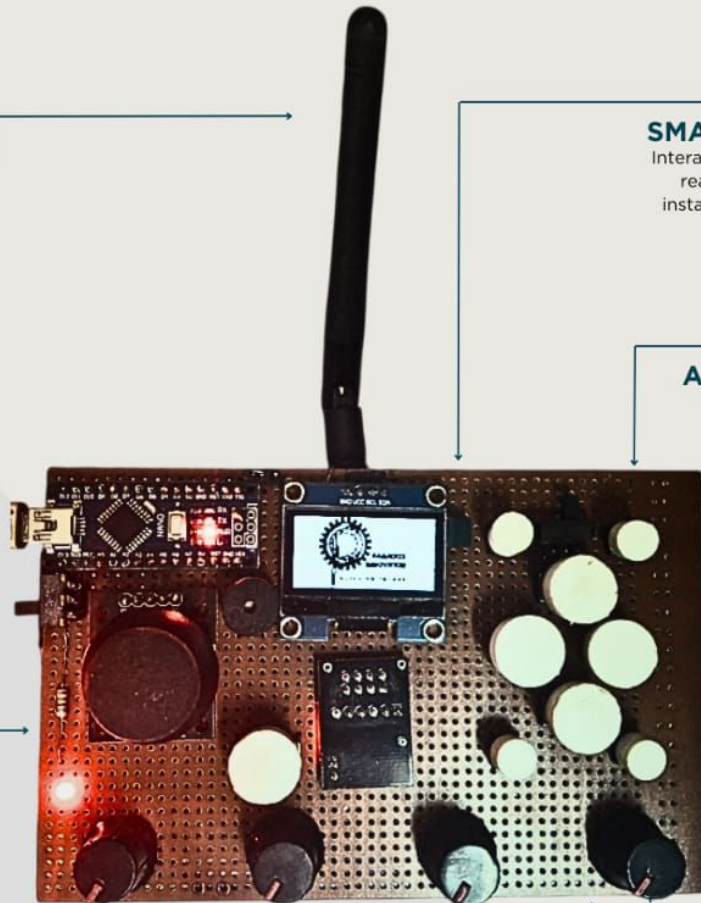

4400mAh High-Capacity Battery for Continuous Power.

SNAPSURE BUTTON:

Dedicated camera capture button enabling instant photo-taking in offline mode, ensuring seamless operation even without Wi-Fi connectivity.

GRIPER ACCESS:

Advanced StepGrip Control ensures precise handling, secure gripping, and smooth operation for delicate and complex tasks.
