

Paradox Innovator Pvt. Ltd. Presents

SMART PUMP CONTROLLER

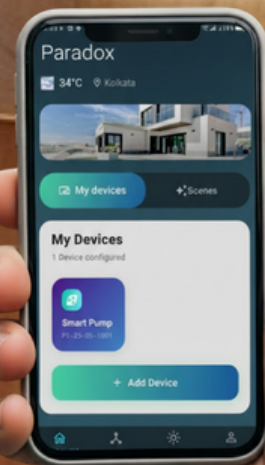

Wireless Control. Intelligent Efficiency.

-  **Supports all pumps**
Works with surface and submersible.
-  **Automatic water control**
Starts/stops pump by tank levels.
-  **Dry run protection**
Saves pump from running without water.
-  **Wi-Fi connectivity**
Control pump from anywhere.
-  **Mobile app control**
Monitor and manage via Paradox Home app.
-  **Manual timer option**
Run pump for set minutes.
-  **LCD status display**
Shows water level and pump state.
-  **Scheduler automation**
Set pump to run at fixed times.
-  **Energy usage tracking**
Monitor runtime and power consumption.
-  **Safety features built-in**
Short-circuit & over-voltage protection.
-  **Dust & splash resistant**
IP54 enclosure for durability.
-  **Easy installation setup**
Quick to mount and configure.

THE TANK IS
OVERFLOWING AGAIN!
I'M SO TIRED OF THIS.

I KNEW!
WE NEED
A BETTER
SOLUTION.
